BERLIN, Sept. 7—One hundred and seventy houses in 1851, 281. In 1858 the service and apparatus were transcribed to the Board of Trade, and the first payment was £2,851. In 1870 it was £10,280, in 1871, £7,321. The lives imperilled, saved ticipate in the festivities in honor of the Imperial visitors at Berlin.

and lost in 1856 were respectively 2,784, 2,2:3, and 521. In 1871 we find under the same heading the amount of 4,962, 433, and 626. It will thus be observed in testimony to the increased efficiency of our lifeboat service and other appliances, that while the number of lives imperilled has increased from 2,764 to 4,962, the number of lives lost has scarcely risen more than 100, materially altering the proportion.

MARAVILLA COCOA .- No BREAKFAST TA-BLE IS COMPLETE WITHOUT THIS DELICIOUS BEV-ERAGE .. The Globe says, "Various importers and manufactors have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success has been achieved until Messrs. Taylor Brothers dicovered the extraordinary qualities of Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Co-coa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For hom copaths and invalids we could not recommend more agreeable or valuable beverage.' Editor Standard:—Just as I am leaving town for a few days my attention is called to a letter under the above heading in your paper of to-day; and as I was professionally engaged in the case to which your correspondent apparently refers, I can scarcely allow his statements to pass unnoticed, though but a few minutes are at my disposal.

few minutes are at my disposal.

The facts stated in your leading article of the 5th, (gleaned perhaps from statements made by me to my client or others) are substantially correct; but he advances a legal argument which was over-ruled by the Court, and adds a statement intended to convey the impression that the defendant was absent from the trial by his own fault. The best reply to that statement is the defen-dant's affidavit, in which he swears that he received no notice of trial whatever. He therefore could not have been present except by accident. Your correspondent says that the respondent's attorney was personally noti-fied that the case would come on; but he forgets to add that the appellant's attorney had previously promised that the trial should be postponed, and that the personal notification referred to was made only a few minutes before the trial, and under which rendered it impossible that the respon-dent should avail himself of it.

As to the legal points involved in the case, it would be unprofitable and perhaps improper for me to discuss them in a newspaper; I argued them in Court and the decision went against me; and from that decision there is no appeal. The facts I may leave to the criticism of public opin RESPONDENT'S ATTORNEY,
